M'BRYDE WAY AHEAD OF LEGAL SINKING FUND REQUIREMENTS

Total of \$200,300, Par Value,
Bought Up in 1915; Outlook
is Good for This Year

Unusually detailed and comprehensive reports were submitted to shareholders of the McBryde Sugar Company, Ltd., at their annual meeting today. Not only has the manager made a detailed report, but the treasurer of the corporation has also done likewise. The report of F. A. Alexander, manager, follows, in part: "The 1916 crop has not tasseled as profusely as the 1915 crop, hence we expect many of the 1916 fields to gain in weight during the spring of 1916. "Up to time of writing this report the 1916 crop is in good condition and very little cane has been lost from windstorm breakage. "We expect 16,000 tons of sugar from the 1916 crop. "The 1917 crop area is short, as we have dropped Field 9 A, trenched land, which is being cleared for 1918 crop. We are spreading some of the Hawaiian seedlings, though we are not sure of their ultimate value. Crop 1918. "We plan to plant between 800 and 900 acres in 1916 for the 1918 crop. "The main planting will be in West Lualaba, East Lualaba and Koloa, and from present indications we will plant more 1135 D. than of any other variety. Several mauka fields dependent on mountain water will be planted to Yellow Caledonia. "Our pure cane sucrose for 1915 averaged lower than during 1914, which is partly explained by the early maturing of the crop due to dry, warm winter and spring. "Harvesting prolonged. "The harvesting was also prolonged, because we stopped to install the Searby shredder and were not able to run full capacity with the trial motor and belts. "Our 1134 D cane gave good results in the factory. One field of 29 acres yielded 72.3 tons of cane and 9.05 tons of sugar. "The 1916 harvesting was started January 3, and for the first week all departments ran smoothly. With the shredder we were averaging over 57 per cent extraction. "Since that time the shredder motor broke down and we have replaced the old carriers, obtaining 94 per cent extraction. We hope to soon set up a turbine engine to drive our shredder. Permanent improvements. During 1915 the following permanent improvements were added: One Searby shredder with a 200-h. p. direct connected motor, one Turbo generator for use with Searby shredder; \$10,000 has already been paid on account of above, leaving \$11,000 yet to pay. One new Porcupine roller on the way and paid for except freight, six mill rolls grooved with Messerschmitt grooving, two Howe juice scales, two crane foot evaporator belts, three Magna pumps, one six-foot vacuum pan, one scale for automatic bag closing machine, one wood planing machine for carpenter shop, one mortising machine for carpenter shop. Rolling Stock. "Twelve new cane cars, material for 13 new cane cars more, one locomotive on the way and paid for except freight, one gasoline track car on the way and paid for except freight, one automobile (Overland roadster), one Federal truck. Contemplated Improvements. "Clearing land and reservoir capacity enlargement will be our main 1916 improvement accounts. "We anticipate very little new work in the mill. "General repairs — Our railroad tracks, steam plow boilers, pipe systems and laborers' quarters will require some outlay in 1916. Forestry. During 1915 the following trees were planted: West Lualaba, 5000 algeroba trees; West Lualaba, 2750 eucalyptus trees; East Lualaba, 2500 eucalyptus trees; Wahiawa, 2000 algeroba trees; Wahiawa, 60 ironwood trees, making a total of 12,320 trees. "This fall tree trimming resulted in a large supply of firewood. We note that all our mature and newly set out trees are making a fine growth. Bonus to Laborers. "During 1915 our skilled labor received a bonus based on the net profits. The 20 per cent bonus paid to the unskilled laborers amounted to quite a figure, but has resulted in our retaining all our men. J. Waterhouse, treasurer of the company, reported in part as follows: "The net profit for 1915 amounted to \$469,768.47. Of this amount \$42,000 was paid out as preferred stock dividends for the year 1915, and \$165,604 was paid out in common stock dividends. Deducting this \$207,604, amount paid out in preferred and common stock dividends, leaves \$262,164.47 as surplus on the crop. Of this amount \$50,000 was paid to the trustee as sinking fund, in accordance with the terms of the trust deed of the McBryde Sugar Company 5 per cent bond issue. "In addition to this sum, \$150,000 was also set aside by your directors for the taking up of additional bonds, so that in all \$200,300 par value bonds were purchased for \$199,989.75. Therefore, after paying dividends and retiring bonds as above, there still remains a cash surplus on the crop of \$62,174.72; \$38,289.55 more, however, was expended on permanent improvements than the credits and depreciation of the various accounts amounted to, therefore this cash surplus was really reduced by this amount to \$23,885.17. "Notwithstanding the above, cash in agents' hands was reduced to \$33,857.32 as against \$108,285.81. However, the plantation cash amounted to \$38,524.48 on December 31, 1915, as against \$15,883.56 on the same date of

FIRE LOSSES IN CITY FOR 1915 SHOW BIG GAIN

Fire losses in the city of Honolulu, during the year 1915, according to records just compiled in the office of Fire Chief Charles H. Thurston, amounted to \$81,338.38, which is more than twice the loss for the year previous. The total for 1914 was \$36,130.38.

Though the losses during the year just passed were much greater, the actual number of alarms turned in was fewer by nine, from 122 to 114 in 1915. Chief Thurston accounts for the greater loss by two very expensive fires, one in the Schumann garage which damaged automobile tires, and that of the Grossman residence in Nuuanu, which was not reported until the house was nearly destroyed.

There were 19 false alarms last year. Causes of fires were as follows: Fireworks, 5; unknown, 17; incendiary, 2; electric currents, 13; boiling tar, 2; kerosene stoves, 4; sparks from stovepipes, 4; ashes, 1; children playing with matches, 3; tobacco smoking, 10; automobiles, 6; matches; gasoline engine, 1; sparks from stove, 1; boiling grease, 1; grass fires, 2; kerosene lamps, 5; spontaneous combustion, 3; heating apparatus, 1; rubbish, 5; electric iron, 1; defective stove pipes, 1; motorcycle, 1; gasoline, 1; sparks from rubbish, 1; charcoal iron, 1. Total 113.

MOST EMINENT MEDICAL AUTHORITIES ENDORSE IT

A New Remedy for Kidney, Bladder and All Uric Acid Troubles.

Dr. Eberle and Dr. Brathwaite as well as Dr. Simon—all distinguished authorities—agree that whatever may be the disease, the urine seldom fails in furnishing us with a clue to the principles upon which it is to be treated, and accurate knowledge concerning the nature of disease can thus be obtained. If backache, scalding urine or frequent urination bother or distress you, or if uric acid in the blood has caused rheumatism, gout or sciatica or you suspect kidney or bladder trouble just write Dr. Pierce at the Surgical Institute, Buffalo, N. Y.; send a sample of urine and describe symptoms. You will receive free medical advice after Dr. Pierce's chemist has examined the urine—this will be done without charge, and you will be under no obligation. Dr. Pierce, during many years of experimentation, has discovered a new remedy which is 37 times more powerful than lithia in removing uric acid from the system. If you are suffering from backache or the pains of rheumatism, go to your best druggist and ask for a 50-cent box of "An-uric" put up by Dr. Pierce. Dr. Pierce's Favorite Prescription for weak women and Dr. Pierce's Golden Medical Discovery for the blood have been favorably known for the past 40 years and more. They are standard remedies today—as well as Dr. Pierce's Pleasant Pellets for the liver and bowels. You can have a sample of any one of these remedies in tablet form by writing Dr. Pierce. —Adv.

Thomas Parr of Shropshire, England, in all probability bore the palm for longevity. He lived 152 years and nine months. Parr's case is well authenticated.

IT'S YOUR LIVER! YOU'RE BILIOUS, HEADACHY, SICK

Don't Stay Constipated With Breath Bad, Stomach Sour or a Cold

Enjoy Life! Live Your Liver and Bowels Tonight and Feel Fine

Tonight sure! Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, breath offensive and stomach sour. Don't stay bilious, sick, headachy, constipated and full of cold. Why don't you get a box of Cascarets from the drug store now? Eat one or two tonight and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. You will wake up feeling fit and fine. Cascarets never gripe or bother you all the next day like calomel, salts and pills. They act gently but thoroughly. Mothers should give cross, sick, bilious or feverish children a whole Cascaret any time. They are harmless and children love them. —Adv.

COL. EBERT CANNOT TAKE CODE BOARD JOB

Col. R. G. Ebert may advise the Sanitary Code Commission of Hawaii, but he may not accept an appointment as a member of the commission nor exercise the functions of a member, and still retain his commission in the army. This is the opinion of the judge advocate general in the matter. He was appealed to by Col. Ebert after his appointment by Governor Pinkham as a member of the commission, to serve without pay.

SAILORS INJURED ON BATTLESHIP NEVADA

[Associated Press by Federal Wire] QUINCY, Mass., March 2.—Three sailors of the crew of the new super-dreadnought Nevada were injured yesterday through the explosion of one of the compressed air tanks. The ship is undamaged.

COLDS CAUSE HEADACHES

LAXATIVE BROMO QUININE removes the cause. Used the world over to cure a cold in one day. The signature of E. W. GROVE is on each box. Manufactured by the PARIS MEDICINE CO., St. Louis, U. S. A.

Polish Your Furniture With Johnson's Prepared Wax
"A Complete Finish and Polish for All Wood"
It comes in paste form. You apply it with dry cloth and polish with Johnson's Polishing Mitt or a clean woolen cloth. It is very simple—anyone can properly do it. Try it—you'll be surprised to see how it improves your furniture. Why it will make it look like new. It prevents scratches from showing and preserves the wood. Johnson's Prepared Wax produces the best, most lasting and beautiful finish and polish because it contains the best grade of wax and more of it to the pound, than any other. That is why it is the "World's Standard." Insist on Johnson's and be sure you get it. Put up in 1/2, 1, 2, 4, 5 and 8 pound cans.
Our new illustrated book "The Proper Treatment for Floors, Furniture and Woodwork" is FREE. Ask for it. Johnson's Prepared Wax is sold and recommended by
